THUGS BEHIND BARS.

Were Caught With Masks and Sandbags in Pockets.

Boldly Attacked and Robbed David C. Millan.

In separate cells at the City Prison are confined two desperate footpads, who sandbagged and robbed David C. Millan last Saturday night at the corner of Thirty-fourth and Magnolia streets. Chief Hodgkins, together with Detectives Hammetton and Kye, are firm in their belief that they have landed two of the most dangerous crooks in this particular line in the State.

As will be remembered Millan, who is a San Francisco painter, was on his way to his home at 229 Lomb street, this city, about 11 o'clock last Saturday night. As he passed the corner of Thirty-fourth and Magnolia a masked man emerged from behind a fence and grabbed him by the throat while a second masked man, armed with a weapon commonly known as a sandbag, struck him over the head, felling him to the sidewalk, where he lay unconscious for fully half an hour. An old pocketbook containing \$1.35 comprised the reward of the footpads. As soon as Millan gained consciousness he hurried to the City Prison and reported the robbery, and Captain Peterson detailed a squad of officers to the vicinity of the hold-up, instructing them to throw out wide the dragnet and sweep in everything of a suspicious-looking character.

Shortly after midnight Officers McSorley and Woods returned with two men giving the names of Thomas Maguire and F. Zuboff. A search disclosed masks and sandbags in their possession, and they were "small-boated" pending an investigation.

Detectives Hammetton and Kye were specially detailed by Chief Hodgkins to work on the case. At noon today they cleared up the case. While declining to give out for publication the chain of evidence drawn about the two prisoners, Chief Hodgkins said: "There can be no doubt but that these men, giving the names of Maguire and Zuboff, are the footpads who sandbagged and robbed Millan. The detectives detailed on the case have worked hard and have been rewarded with a complete chain of evidence that cannot be broken. We are certain we have the right men, and have the strongest kind of case against them. They are strangers to Oakland, but are known in San Francisco. We have found that the plot to come over to Oakland for a 'soft snap' was hatched between the two crooks across the bay and I am heartily glad that we have them safe behind the bars."

COAST GUARDSMAN MAKES CONFESSION

Heard Rio's Distress Signals But Failed to Arouse the Life Savers.

Associated Press Dispatches by The Tribune's Special Leased Wire. SAN FRANCISCO, Feb. 28.—Ellingson, the coast guardsman connected with the Fort Point life saving station, who was on duty at the time of the wreck of the steamer Rio Janeiro on February 25, has made a confession in which he says that he heard the Rio's signals of distress, but placed no importance in them, and for that reason failed to arouse the life saving station.

Others that if the life saving crew had been made aware of the disaster many lives could have been saved. Immediately after the wreck Ellingson denied that he had heard the Rio's whistles and he persisted in that denial until he confessed to Hodgson.

WARDEN'S FIERCE BATTLE

Insane Woman Tries to Kill Jas. Page at Hospital.

Was Guarding Her When She Knocked Him Down.

Warden Page of the Insane department of the Receiving Hospital had an exciting experience this morning while preventing one of the patients, Mrs. Nellie Burch, from escaping. Mrs. Burch was brought to the Hospital from her home in East Berkeley last evening on recommendation of Dr. F. H. Woolsey. She had been ill and without food and was wandering about the street when taken, in charge by the authorities. It was thought that a course of treatment at the County Infirmary as soon as she could be admitted there would bring about her recovery.

This morning when Warden Page opened the door of her room to see how the patient was she sprang at him and, knocking him down, made her escape from the room. Page started after the woman and caught her before she had gone very far. She fought wildly and began screaming so loudly that Steward Borchert and the hospital attendants rushed in to the hall to see what the trouble was about. After a hard struggle Page succeeded in returning the woman to her room.

Page remarked after the incident was over that, judging from the way she attacked him the woman did not seem to have suffered much physically by her recent illness.

NEGRO WILL GET FAIR TRIAL.

Associated Press Dispatches by The Tribune's Special Leased Wire. INDIANAPOLIS, Feb. 28.—Fear that a mob might be formed and an attempt made to lynch "Doc" Reed, the negro brought here from Newcastle yesterday afternoon and identified by Miss Dorothy Darter of Irvington as her assailant, caused the State, county and city authorities to take every precaution to prevent it.

The negro is confined in the County Jail and Governor Durrin has sent a thousand stands of arms to be used by soldiers in event of a mob gathering. Reed asserts he was at Merriestown, twenty miles distant from Irvington, when the assault was committed, and several people of that town corroborate his story.

The letter, which was sent to Ambassador Choate, and by him transmitted to the State Department and by Secretary Hay to the Senate, is as follows:

"LONDON, Feb. 14, 1901.—Your Excellency—The Prime Minister duly laid before the King the copy of the resolution of the Senate of the United States of America, which Your Excellency forwarded in your note of the 5th instant.

"By command of the King, I am to request Your Excellency to be so kind as to express to the President of the Senate His Majesty's most sincere thanks for the mark of respect shown by the Senate of the United States to the memory of her deeply lamented Majesty, Queen Victoria, Empress of India.

PRIMARY BILL IS AMENDED

Small Chance of Its Passage at This Session.

Amendments Important and Will Take Time for Debate.

Associated Press Dispatches by The Tribune's Special Leased Wire. SACRAMENTO, Feb. 28.—MacBeth of San Francisco, chairman of the Committee on Election Laws, this morning returned to the Assembly the committee substitute for the primary election bill in accordance with Anderson's of Bohemia motion made yesterday.

Anderson's motion called for the return of all bills relating to the proposed election laws, and MacBeth's action in returning but one became the subject of an animated discussion, in which Johnson, Treadwell, Anderson of Bohemia and MacBeth were conspicuous. MacBeth said he was not in attendance at the House when Anderson's motion carried, and had been led to believe that it related solely to the primary election law.

This particular bill, after having been referred back to the committee, came back to the House with something like fifty amendments. Some of the leaders in the Assembly deplore of the passage of the bill now, as the greater proportion of the amendments are of importance and will require much time for intelligent consideration.

NO CHANGE IN THE SESSION.

Associated Press Dispatches by The Tribune's Special Leased Wire. SACRAMENTO, Feb. 28.—The people of the State will not be asked to vote on the proposition of amending the Constitution to change the date of the convening of the Legislature from January to February. FRATERNAL NEWS OF THE WEEK.

Many Meetings are
Held By the Local
Lodges.

Danish Society.

Odin No. 1 of the Danish Society of California celebrated Washington's birthday at its regular meeting last Friday. There were between fifty and sixty members present at the meeting, and after the regular business of the lodge had been transacted refreshments were served, and there came songs and speeches until a late hour. The society now numbers 150 members, and is growing rapidly. Anton Christensen is president, and N. P. Nielsen, recorder.

Rathbone Sisters.

Catharine Temple, Rathbone Sisters, gave one of the most successful fraternal functions of the season on Tuesday evening. The well arranged program was rendered without a hitch or wait. Each selection, from the overture by Saunders' Orchestra to the concluding number, elicited prolonged applause. Little Miss Beth Jeter and Mrs. Florence Emery, pupils of Mrs. F. Lercher, were given the full tribute of applause that their performance merited.

Little Miss Emery, a winsome fairy, whose dancing is the poetry of motion, was recalled three times, giving for an encore, "I'd Like to Hear That Song Again" in a voice whose tender sweetness thrilled the hearts of every listener.

The rest of the program was admirably rendered and then a pleasant dance was indulged in. Dainty refreshments were served in the banquet room, and the affair was a delightful one in every detail.

Knights of Pythias.

The attraction at Oakland Lodge No. 102, Knights of Pythias, at its last assemblage on Thursday evening, February 21st, was the conferring of the initiatory rank of page.

The work was accomplished in a pleasing manner.

Under the head of good of the order several of the assembly entertained with brief addresses. Among them were Brothers Kupie of Live Oak No. 17, Morrison of Mars No. 202 of San Francisco, Larmor of No. 172, Simpson of Pasadena and Gaylord, Meek, Aldrich and Bernstein of Oakland No. 102.

The competitive exemplification of the conferring of the knight rank in long form between the degree team of the lodge and that of Live Oak No. 17 will take place at the Castle Hall of Live Oak, in Pythian Castle, Twelfth and Franklin streets, on the night of March 13th, and at the Castle Hall of Oakland No. 102, in Woodmen's block, No. 621 Twelfth street, on the night of March 11th.

Woman's Relief Corps Tea.

Appomattox Relief Corps, G. A. R., gave a "patriotic tea" at Loring Hall last Thursday afternoon at 2 o'clock. The hall was beautifully decorated, and in the center were twelve little tea tables set with white fancy tablecloths and fancy dishes, from which was served "the tea" after the program had been rendered. The president of the Corps, Mrs. S. E. Hitchcock, acted as mistress of ceremonies.

An excellent musical and literary program was rendered. The proceeds of the tea are to go to the relief fund to assist the old soldiers of the G. A. R., and the Corps desires to thank the public as well as those who took part on the program, for their assistance in making the event a success, not forgetting to include the members of other Corps, who turned out so large a delegation.

Pride of the Forest.

Pride of the Forest Circle, No. 122, C. O. F., met last Wednesday evening with a large attendance. The circle held an election of delegates for the convention to be held in San Francisco in May. Mrs. Emma was elected first delegate, Mrs. L. Viers second delegate, and Mrs. Norton and Mrs. Murdoch, alternates. This circle is growing steadily. It is in good financial standing.

Rebekah Lodge No. 16.

Oakland Rebekah Lodge No. 16, I. O. O. F., entertained her distinguished guests in a most appropriate manner on Saturday evening. There were present the president, past president, secretary, treasurer and marshal, all of the Rebekah assembly, together with district deputy presidents from Utah and representatives from several San Francisco lodges and all the lodges throughout Alameda county. The assembly hall was decorated with festoons of smilax, and magnolias with the lodge colors, pink and green, predominating. Five candidates were conducted through the initiatory degree. Under the head of good of the order speeches were made by our president, Sister Hoxett and our secretary, Sister Donoho, who expressed themselves as delighted with the beautiful floor work as presented by No. 16. After this all adjourned to the banquet hall, where

a sumptuous repast was served. "The 16" has taken in ten new members the past few weeks, with promises many more in the near future.

Women of Woodcraft.

Oakland Circle is experiencing a era of great prosperity. Saturday evening ten new applications for membership were received and fifteen strangers were elected to become neighbors of the Wood. They will be instructed in the beautiful teaching of Woodcraft at the second meeting on March 9th.

Great praise is due the officers and team for their efficient work during initiation last Saturday night.

Oakland Circle, No. 266 has been granted a dispensation to receive members at a great reduction during the month of March, and those desiring to affiliate with the order can make application on any Saturday evening at Woodmen Hall, 521 Twelfth street, where the Committee on Application will be glad to greet them and tell of the pleasures and benefit derived by becoming members of Oakland Circle, No. 266, Women of Woodcraft.

Fraternal Brotherhood.

The colonial and fancy dress party given by the Fraternal Brotherhood on Friday evening, February 22d, was considered the most enjoyable of all the social evenings given by that order. A large number of people were dressed in elaborate costumes of the eighteenth century.

Ivy Lodge.

Ivy Lodge No. 4, Degree of Honor, had an extra large attendance last evening, which was very gratifying to the officers. On account of the inability of the reporter to meet with us the past few meetings no account of the lodge meetings has been printed, but even so the lodge still prospers.

On Monday evening, March 25th Pacific Lodge will pay a fraternal visit to Oak Leaf Lodge.

EMPLOYEES HAVE A GALA NIGHT.

Over Seven Hundred
People Attend the
Performance.

The employees of Abrahamson Bros. gave an entertainment last evening at Alcazar Masonic Hall, on Perilla street, West Oakland, that proved an unprecedented success, over 700 people being in attendance.

The feature of the evening was the two act farce, "Above the Clouds," and the young actors received well merited applause. J. Frank Bryant made an admirable villain in the impersonation of Alfred Thorpe, a city nabob. George P. R. Clark as Philip Ringold or "Crazy Phil," the mountain hermit, was equally clever, and the rest of the cast was as follows: Amos Gaylord, a country gentleman, David L. Lyon; Howard Gaylord, his son, Edward P. Nunan; Titus Turtle, a gourmand, Louis D. Reeb; Curtis Chipman, "Chips" in the tough, Charles A. Sullivan; Nat Taylor, Thorpe's protegee, Roswell C. Daguer; Grace Ingalls, a young artist, Miss May Craig; Heister Thorne, Gaylord's housekeeper, Miss Mabel Rawlings; Bury Gaylord, Gaylord's daughter, Miss Belle Doris; Lucetta Gerrith, "so romantic," Miss Mae Levy.

One of the most interesting features that elicited constant applause during the rendition was a pretty skit by Miss Belle Doris, in which the employees were described in a happy vein.

At the conclusion of the performance refreshments were served and the young folks adjourned to the lower floor, where they skipped the light fantastic until midnight.

I. D. Magnus acted as floor manager, and he was ably assisted by D. M. Graham, A. P. Nunan, L. D. Reeb, A. Yell.

Following were the committees: Entertainment—George P. Clark, I. D. Magnus, L. D. Reeb and the Misses M. Fitzgerald, L. Olney, M. Rodgers and M. Doris.

Refreshments—David L. Lyon, Louis H. Gilbert and the Misses L. Olney, R. Stewart, H. Camp and M. Fitzgerald.

The great success of the affair is due in a large measure to the assistance rendered the employees by the popular firm of Abrahamson Brothers.

NOTHING EQUALS IT For the Cure of Catarrh.

A physician now retired from practice, but who still keeps abreast of the times, in speaking of the advance made in medicine in the last ten years says: "One of the most obstinate and baffling diseases is the very common trouble, catarrh.

Nasal catarrh is only one of its many forms; catarrh of the throat, catarrh of the stomach, bowels, liver and bladder are very common, but the sufferer usually thinks it is something else than catarrh and is treated for the wrong disease.

The best and most successful treatment for any form of catarrh is now admitted to be by internal remedies through the stomach and the safest and probably the most efficient is in the tablet form, sold by druggists as Stuart's Catarrh Tablets.

I have seen many remarkable cures of catarrh resulting from regular daily use of these tablets, which seem to act on the blood and liver, driving the catarrhal poison out of the system through the natural channels.

I once had occasion to analyze these tablets and found them to contain no cocaine nor opium, but simply a carefully picked blend of the most powerful and harmless antiseptics like Eucalyptol, Gualacol, blood root, etc.

At any rate I have known of severe catarrhal head aches which were cured by Stuart's Catarrh Tablets, and catarrh of the throat and stomach, which showed great benefit after a few days' use of the remedy and when it is remembered how much more convenient a tablet is than inhalers, douches, enemas and powders it is not surprising that this new preparation should be so rapidly supplant all other remedies for catarrh.

The proposed law requiring all barbers to be licensed doubtless appeals very forcibly to that legislative element that always shaves its warrants and indulges in sharp practices at every opportunity.

Doubtless Policemen Pardee and McKinlay will be promptly reinstated in case Dow and Miller are elected.

DEATH BLOW WILL BE GIVEN SLOT MACHINES

New Bill Making It a Felony to Operate Them.

SACRAMENTO, Feb. 28.—The Senate Committee on Corporations has reported favorably the proposed amendments to the Penal Code, making it unlawful to operate nickel-in-the-slot machines. The changes in the existing law define a lottery to be any scheme, device, instrument, mechanism, machine or contrivance for the disposal or distribution of property to any person who has paid or who has promised to pay any valuable consideration for the opportunity of obtaining such property or any portion of it.

Every person who contrives, operates, prepares, maintains or proposes or draws any lottery or sells a nickel-in-the-slot machine to be used for the purpose stated is guilty of a felony.

Every person who deals in any chance in any nickel-in-the-slot machine is guilty of a felony, as is every person guilty of operating such an instrument. The bill also designates as a felony every person who has any remote business connection, no matter how slight, with the operation or the conduct of any nickel-in-the-slot machine or any lottery. All moneys and property, machines and devices used or offered for sale or distribution in violation of any of the provisions stated are forfeited to the State, the proper authorities being compelled, where an information in the matter is filed, to issue an attachment against the merchandise thus forfeited.

The bill is now to be passed to final passage in both Houses, and is an entirely separate measure from the Johnson act, which passed the Assembly yesterday, and which makes similar violations a misdemeanor. The proposed amendment to the county government bill introduced in the Assembly from Los Angeles, providing for each member of the County Board of Education except the secretary a salary of \$600 a year and the same mileage as is now paid to members of the Board of Supervisors may meet with considerable opposition. It is aimed to make this provision in the Senate a part of the proposed new bill providing for the government of counties.

BILL FOR A NEW HOME FOR WAYWARD GIRLS.

SACRAMENTO, Feb. 28.—The bill to detach the female department of the Whittier State School and to carry it on wheels from Los Angeles over into Riverside county has received something of a knockout blow in the lower House as a whole to formally endorse the scheme. The delegation was called together for the purpose and the matter was explained by Howard Houghton, who informed those present that Dr. Walter Lindley and Trustee James Clark both favored the change, which it was insisted would prove beneficial to both the male and female inmates of the present institution. A vote was taken by the delegation and it was decided not to stand for the change when the bill comes up for final passage in the Assembly.

The measure has been amended through the urgency of Governor Gates and the special request of Mrs. Adena Mitchell, so as to be almost beyond recognition. Fred M. Smith handles the subject in the Senate, and the changes as made provide among other things that the site for the proposed new institution shall not be specifically at or near San Jacinto, but in Riverside county. The institution is to be known officially as "The Riverside Industrial and Training School for Girls." Its inmates are to consist of wayward and incorrigible females under the age of 21 years. There are to be three trustees, to be appointed by the Governor, and the matron and all subordinate in the school are to be women, the former to receive a salary of \$3,000 a year. The site for the school must be approved by the Governor, and the trustees must hold at least one regular meeting every three months. The school is to have a treasurer. None of the inmates shall be under 8 years of age. The sum of \$150,000 is appropriated for new buildings, and the maintenance for the Whittier School is to be partially used for the inmates of the new institution, which, if the act becomes law, will be open and ready for business before 1902.

KNOCKOUT BLOW TO PUGILISM IN CALIFORNIA.

New Penal Code Makes Glove Fighting a Felony.

SACRAMENTO, Feb. 28.—The Assembly devoted last night to the passage of the three codes codified by the Code Commission and approved by the Judiciary Committee of the two bodies. The bills had already passed the Senate. Grove Johnson had a number of amendments to the penal code to protect railroads from various depredations. Two new sections were introduced by him, one to make it a misdemeanor to steal a ride on a railroad train and one to make it a misdemeanor for any employee of a railroad to aid any person in stealing a ride. Both these amendments were passed. Although the latter one met with considerable opposition, Johnson also offered an amendment making it a felony to break the seal or lock of a car, and another making it a felony punishable by imprisonment not less than one nor more than three years or by fine to shoot or throw a missile at or through a railroad car. He introduced another amendment to strike out the provisions making it unnecessary for witnesses to appear in person at a second trial of a person charged with crime. The amendment to the present law provided that if evidence heard at the first trial might be read at the second without the presence of witnesses, Johnson's amendment to strike that out was carried.

Section 116 of the Penal Code as it came from the Commission was found to contain the following anti-prize fighting provision: "A person who, within this State, engages in, instigates, aids, encourages or does any act to further a contention or fight, without weapons, between two or more persons, or a fight commonly called a ring or prize fight, either within or without the State, or who engages in a public or private sporting exhibition, with or without gloves, within the State, or who sends or publishes a challenge, or acceptance of a challenge, or a ring or prize fight, or who carries such challenge or acceptance, or trains or assists any person in training or preparing for such a contention, exhibition or fight, is guilty of a felony, and upon conviction must be fined not less than \$1,000 nor more than \$5,000, and be imprisoned in the State Prison not less than one year nor more than three years."

Gulley of San Francisco moved to strike out the entire section, and the question was put without debate except that Gulley spoke in defense of sparring exhibitions. The Speaker ordered a rising vote on Gulley's motion, and less than a dozen Assemblymen voted to strike out the section, which remains a part of the Penal Code. This code was then ordered to be printed and the bill was read. The Code of Civil Procedure and the Civil Code were passed, thus clearing this cumbersome legislation from the files of the Assembly.

GOT HER COFFEE And It Puffed Her Out.

"Doctor after doctor said I should not drink strong coffee. It struck me as peculiar that this advice should be so universal.

"I have been a school teacher, and a few years ago began to feel I was pretty well worn out and nervous. I found that I was depending more and more upon my coffee to carry me through my day's work. Many times, when teaching in a boarding school, I have asked the matron for a cup of coffee 'strong,' because I felt I could not get through the recitation without it.

"Of course, I was living on borrowed strength, and two years ago the physical crash came. Nervous prostration and neurasthenia. For weeks I could not even walk or stand alone. The physician said it would be two or three years before I could recover so as to be able to do anything. My appetite was gone. I could not sleep, and I was in a desperate condition, nervous and otherwise.

"I was wanting coffee very badly, but it was kept from me. One morning about three weeks after the breakdown, a nurse brought me a cup of coffee, of delicious flavor. 'May I have it?' I exclaimed. 'Yes, the Dr. says it will not hurt you now.' I could not understand it and did not try, but just drank the coffee and felt as good as I did before you were sick! 'Oh, yes,' I said, 'I never tasted better.' 'Is it strong enough to suit you?' I said, 'It could not be improved.' 'Do you know,' said the nurse, 'the doctor has ordered you Java, but Postum Food Coffee?' and so it was, every grain of it.

"I had often scoffed at Postum Food Coffee before I knew of its value, and I drank the coffee and felt as good as I did before you were sick! 'Oh, yes,' I said, 'I never tasted better.' 'Is it strong enough to suit you?' I said, 'It could not be improved.' 'Do you know,' said the nurse, 'the doctor has ordered you Java, but Postum Food Coffee?' and so it was, every grain of it.

"It has been a Saviour to me. Instead of waiting two or three years to recover strength, I am now in good working condition six months after the breakdown, and feel better than I have in ten years past." S. W. H., Everett, Wash. Full name given by Postum Cereal Co., Ltd., Battle Creek, Mich.

"It is a reason for such rapid recovery. Postum Food Coffee contains the natural phosphate of potash and albumen from the grains of the field, which nature has sent for the use of humanity in the body. These materials combine in the human system and go to make up the gray matter that fills the nerve cells in the brain and all through the structure. We must furnish proper materials if we would build the proper body."

The following letters have been received at the Board of Trade rooms:

"February 23, 1901.
"Craigie Sharp, Esq., Secretary of the Board of Trade, Oakland: My Dear Sir—The joint invitation of your Board of Trade and the Merchants' Exchange of Oakland, addressed to the River and Harbor Committee including them to visit California, and the City of Oakland during the coming spring is at hand. The committee would like very much to make the visit but no definite arrangements can be made until the question of an extra session is decided. As soon as definite arrangements can be made it will write you.

"I wish to convey to your association the thanks of the committee for your very cordial invitation. Very respectfully yours,

"T. E. BURTON,
"Chairman."

"February 23, 1901.
"My Dear Sir: I enclose herewith a communication from the Acting Secretary of the Navy in answer to the resolution adopted by your Board on February 2, 1901. I am pleased to have been of service to you. Believe me, sincerely yours,

"JULIUS KAHN,
"Secretary Board of Trade, Oakland, Cal."

"February 23, 1901.
"Sir: The Department has received your communication of the 11th inst., enclosing a resolution adopted by the Board of Trade of Oakland, Cal., February 2, 1901, in which it is requested that the name 'California' be given to one of the armored cruisers about to be built in San Francisco.

"In reply I have the honor to state that, under the distribution of the names of the battleships and armored cruisers recently contracted for have not been finally determined, the request of the Board of Trade will receive the Department's consideration. It may be added that there appears to be no good reason why the name 'California' should not be borne by one of the vessels to be built by the Union Iron Works of California, and such is the present intention of the Department. Very respectfully,

"F. W. HACKETT,
"Acting Secretary."

"JULIUS KAHN,
"House of Representatives."

To Mothers of Large Families

In this workaday world few women are so placed that physical exertion is not constantly demanded of them in their daily life.

We make a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid. To women, young or old, rich or poor, we extend an invitation to accept free advice. Oh, women! do not let

your lives be sacrificed when a word of advice at the first approach of weakness, may fill your future years with healthy joy. Address a letter to Mrs. Pinkham's Laboratory, Lynn, Mass., and you will not be disappointed. When I began to take Lydia E. Pinkham's Vegetable Compound I was not able to do my household work, suffered terribly at time of menstruation. Several doctors told me they could do nothing for me. Thanks to the Pinkham advice and medicine I am now well, and can do the work for eight in the family.

I would recommend Lydia E. Pinkham's Vegetable Compound to all mothers with large families. —Mrs. CARRIE BELLVILLE, Ludington, Mich.

CANADIANS.

Associated Press Dispatch to The Tribune. NEW YORK, Feb. 28.—The House of Parliament at Ottawa has today voted in favor of the British preferential tariff as a special to the Tim's Mr. McLean of West York (Conservative) said Europe was organizing maximum and minimum tariffs for enemies and friends, with the object of dealing collectively in a hostile manner with the United States, and Canada would come next. He considered the time had come for Canada also to adopt a maximum and minimum tariff. He, for one, did not believe in one-sided preference, even for the motherland, at the expense of Canadian manufactures and workmen. If Canada wanted to support the empire it should be the support not of a part only, but of the whole, and not at the expense of Canadian manufactures and workmen. He was certain the people of Canada felt that way.

SULTAN WILL GET HIS WARSHIP.

Associated Press Dispatch to The Tribune. PHILADELPHIA, Feb. 28.—Charles H. Cramp, head of the Cramp ship building firm, denies the report from Constantinople to the effect that the contract for a cruiser for the Turkish government had been annulled because of the failure of the Porte to pay the first installment. Mr. Cramp said that the first payment was not due until March 1st, and that consequently the report is "without foundation."

FIGHT OVER WASHINGTON COAL MINES

Associated Press Dispatch to The Tribune. SEATTLE, Wash., Feb. 28.—Armed men are on guard at the Leary coal mines, but so far no trouble has occurred. It is claimed that the Leary faction has done this in order to meet any attempt of the Guerin faction to get possession of the mines. This is a result of the litigation between W. F. Guerin and John Leary over the control of the Seattle and San Francisco Railway and Navigation Company. The Superior Court yesterday rendered a decision in favor of Guerin, and Leary has appealed.
